Our Smart Solutions

Brief History

1992 Established in December
1993 Started manufacturing of power converters products
1996 Worked with GSM & Internet solutions
1997 Started to work in security systems
1997 Participated in Lebanon Protection Expo, Futuroscope
1998 Participated in Beirut Expo
2000 Participated in Termium, Beirut Hall
2004 Participated in Termium, Biel
2004 Set up Ashrafieh office
2007 Started projects in Africa & Gulf countries
2008 Participated in project Lebanon, Biel
2011 Participated in INTERSEC exhibition, Dubai
2011 Set up Antelias Office
2011 Participated in SMES exhibition, Biel
2012 Participated in Intersec exhibition, Dubai
2012 Set up Lagos office, Nigeria
2013 Participated in INTERSEC exhibition, Dubai
2014 Participated in Project Lebanon exhibition, Biel
2015 World Quality Commitment Award , Paris
2016 Majestic Falcon Award for Quality & Excellence, UAE
2016 Participated in Project Lebanon exhibition, Biel
2016 Launching the new Access Control RACS 5
2017 The Golden Europe Award for QCP, Berlin
2017 The Global Award for Perfection, QIP, Rome
2018 The Platinum Technology Award for QBT, France
2018 Summit of Leaders, London
2019 Participated in INTERSEC exhibition, Dubai
2019 Participated in Order Of Engineers & Architects exhibition
2020 Setup London Office

Fire Suppression System

- No piping, no pressure container & valve, fast, easy to install, no leak, less maintenance & lowest cost
- 2 years warranty
- Fighter is a unique panel that have 2 extinguishing areas, intellizone for alarm verification, walk test, remote supervision, monitoring, operation & programming
- No human harm or side effect unlike the standard systems in the market

Up to 6000 systems supplied & installed - Since 1992 - Multiple concepts one provider

Quick Restaurant Services

Drive-thru headset systems & timers work to optimize employee productivity & drive-thru service, speed & sales. Drive-thru headsets & drive-thru intercom systems employ the latest in sound technology to dramatically improve communication between your customers & employees. You benefit from faster service times, greater order accuracy & increased profitability.

Integrated Intrusion Alarm Solution

- 30 years of experience in security market
- Elegant design & innovation technology
- Wired & wireless solutions
- Unique wireless features:
  - Range up to 2 Km
  - Low energy consumption - up to 8 years
  - Remote firmware update & configuration
- Indoor & outdoor (Boundary & perimeter) protection solutions
- Panels with PSTN, GSM & GPRS interface
- Integration with IP camera, Access control & home automation
- Video/Audio alarm verification
- Free mobile App
- Advanced dual tech outdoor detection

Time Attendance and Management

Shift Management

Overtime Policies

Leave Management

Workflow Regularization

Hierarchy Management

Late/Early Permissions

Tour/Outdoor Duty Policies

Up to 6000 systems supplied & installed - Since 1992 - Multiple concepts one provider

Hotel Door Management

- Online lock system with live tracking
- Electronic panel DND, Make up room & Wait
- Integrated with Elevator/Parking access control
- Networked online saving energy with live surveillance
- No more: door hangers and knocking doors
- No extra: doorbells, wall switches and expensive solutions
- Door management and frontdesk in a single software

Pay2Park

- Are you in the business of renting vacant lots to use as public parking space?
- Are you looking to avoid the parking keeper sabotaging and getting the accurate revenue?

pay2park.esse.me

Advantages:
1. Free hosting, no extra yearly fees
2. No need for public IP and PC
3. Offline/Online options
4. 1 hour Power autonomy
5. Flexible rate based on rush hours period

Security systems from dumb to smart - Since 1992 - Protect families & investments
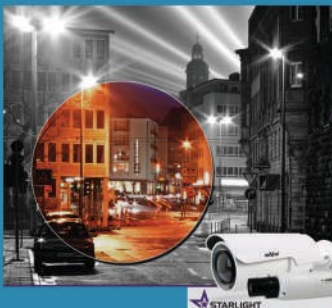

Door Entry System

- Mobile App
- Support IP cameras
- Hands free touch screen
- Keep record all visitors on SD card
- Built-in alarm & home automation
- Key less, easy access by touch less card
- Systems for Villas, Buildings & Compounds
- Forward all calls to personal mobile phone when being away
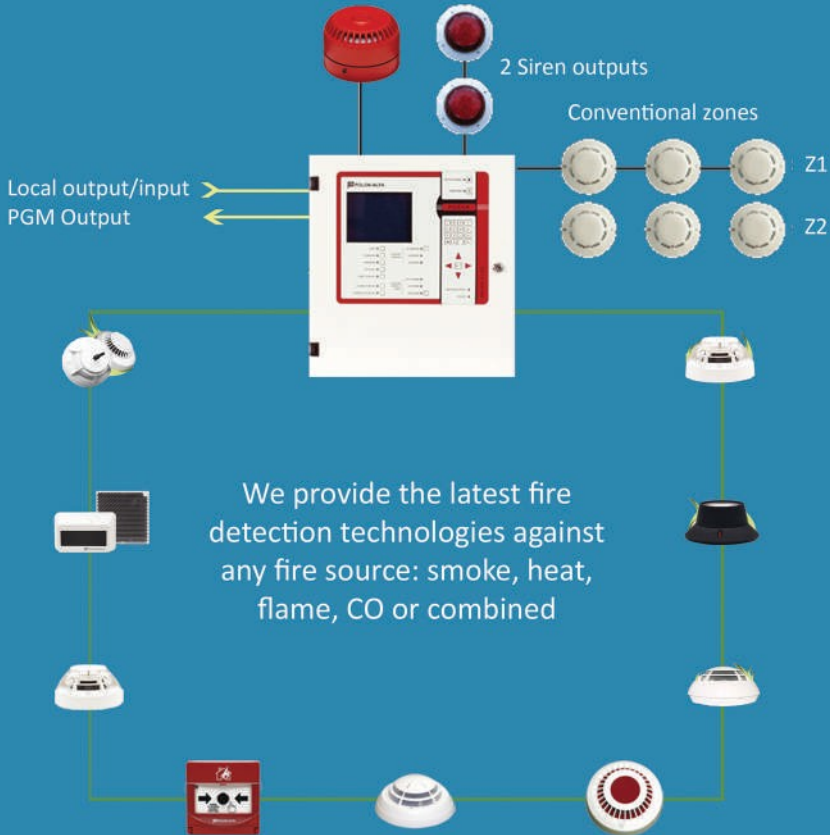

Video Surveillance System

- Products made in Europe
- Smart IR functions
- IP cameras from 2 up to 12 MPX
- NVR recorders from 4 up to 256 CH (PoE embedded)
- AHD cameras from 2 up to 4 MPX
- AHD recorders from 4 up to 32 CH
- Starlight cameras, full color image at night (Zero lux)
- Thermal cameras
- Advanced image analysis functions (AI)
- Automatic number plate recognition
- Special purpose IP camera designed for ATMs surveillance
- Integration Software platform for all security systems: VENO with compatibility with many systems NOVUS, Kade Roger, SATEL, Polon ALFA, Siemens, Kantech, DSC, Texecom, Honeywell and any another system we can integrate

Fire Alarm System

2 Siren outputs

Conventional zones

Z1

Z2

Local output/input
PGM Output

We provide the latest fire
detection technologies against
any fire source: smoke, heat,
flame, CO or combined

Security systems from dumb to smart - Since 1992 - Protect families & investments

- Conventional panel from 1 zone up to 24 zones
- Addressable panel from 1 loop up to 8 loops
- Up to 4000 addresses
- Built in LCD for easy operation & system programming
- Wired and wireless
- Dirty self test
- Voice accoustic sounder
- Built-in izolator in each detector
- Smart combined smoke & flame detector
- Loop length up to 2 Km

Parking Management System

Paid, Valet & Guidance

- Evacuation monitor
- Special lane for subscribers
- Multiple rate, multiple shifts
- Secure access via LPR camera
- Many reports, multiple Entry / Exit
- Can be fitted with any existing barriers
- Dispenser / Collector to save labor cost
- Show Entry / leave & occupied card holder
- Reusable card tickets, no more monthly fees
- Mobile identification access (Bluetooth & NFC)
- Long Range reader up tp 12m for fast & easy access
- Can be integrated with Hotel Management Systems
- Unique access limit features (by cars/users count limit)

Up to 6000 systems supplied & installed - Since 1992 - Multiple concepts one provider

Home Automation & Domotics

"In the future, a house without smart features will be out of swim just like the one where we couldn't surf the internet today"

• European brand
• Online monitoring, Remote configuration
• Free Android & iOS mobile Apps
• Emergency mode, two processors
• Easy, fast and simple configuration
• Flexible schedule, can be set by end user
• Fast & easy system recovery (can be made by end user)
• Free integration: camera, alarm, music, AC & videophone
• Cost effective controller all in one
• Two simultaneous modes of operation:
  - By home automation platform
  - By standard lighting switches
It is simply a unique emergency mode solution

Flexible and easy system, can be fitted in any apartment or Villa ... Ready or under construction

Security systems from dumb to smart - Since 1992 - Protect families & investments

Integrated Access Control Solution

Security systems from dumb to smart - Since 1992 - Protect families & investments

Wired Access Control - Wireless Access Control - Elevator Access Control - Time & Attendance - Building Automation Key Management - Locker Access Control - Asset Tracking ASSA ABLOY locks Integration - NFC and QR Identification Mobile Identification App - Biometric Identification - CCTV Integration - LPR Identification - Intruder Alarm System Integration

- **Roger** foreign distribution network covers 3 continents and more than 45 countries and it's still growing
- High reliability and functionality confirmed in thousands of successfully implemented installations
- Great quality to price ratio
- Freeware Access Control Management Software
- Possibility to receive remote technical support that enables quick location of the problem source and efficient application of corrective actions
- Technical training regarding offered products & solutions

Facility Renting Keyless Access

Our unique "EasyRent" solution saves all unnecessary travel/agent/commission expenses and avoids exposing you to the pandemic !

1. Provide the guest through mobile a limited access code (from...to)
2. Water/electricity/gas sources will be automatically activated
3. Once booking is expired, water/electricity/gas/access code will be automatically deactivated
4. Provide the cleaning staff through mobile a limited access code (from...to)

Provide your guest a keyless remote access from your mobile anytime from anywhere !
